Dear Veteran,

Thank you for your service. Our goal at 22 2 None is to serve our veteran community. We understand that life situations can often lead to unforeseen circumstances. 22 2 None would like to ensure that our veterans have resources available to assist when these needs arise.

To protect you, the veteran as well as our organization, we have implemented an application process that we require each veteran requesting assistance to complete. Once the application is complete, one or more board members will be directly in contact with you to discuss your needs. All veteran needs are reviewed by our board on an individual basis.

Please complete the enclosed application and return with requested supporting documents via email to info@222none.org

All information shared with 22 2 None will be kept confidential.

Please be aware that without a copy of your DD214 we will not be able to provide any assistance.

If you do not have access to email, feel free to text a clear picture of the images to Ray at the number below.

Thank you,

Ray McDaniel
President
